

Call for Abstracts

Deadline: April 21, 2010

Colloque sur l'ingénierie de maintenance et l'exploitation minière

Maintenance Engineering / Mine Operators' Conference

The Maintenance Engineering / Mine Operators' Conference (MEMO) 2010, to be held from October 24 to 27 at Laurentian University in Sudbury, Ontario, will be hosted by CIM's Sudbury Branch, the Metal Mining Society and the Maintenance and Engineering Society.

This year's theme, "Mining in the New Economy," showcases strategies that Canadian mining companies use to remain competitive, and highlights the increasing need for cooperation between operations and maintenance. The technical program will cater to both underground and surface mining operations.

For more information on the technical program, contact:
Samantha Espley, 705.682.5809
Samantha.Espley@valeinco.com
John Sagman, 705.866.3810
John.Sagman@valeinco.com

Share your expertise with international operations and maintenance specialists on:

- ✓ Management strategies for cost-effective operations
- ✓ New technologies/equipment for cost-effective operations
- ✓ Innovative mining methods
- ✓ Lateral and vertical mine developments
- ✓ Risks in cost and safety management
- ✓ International mining experiences
- ✓ Case studies
- ✓ Economic and technical feasibility studies
- ✓ Maintenance and production for mines
- ✓ Mining health & safety and the environment
- ✓ Human resources and partnership development
- ✓ Energy conservation in today's economy

Abstracts must be submitted online by April 21, 2010. Authors will be notified of acceptance by May 21, 2010. Final papers must be received no later than July 21, 2010.
