Meet this year's keynote speaker *Siri C. Genik*

Siri has spent over 25 years working on major mining and infrastructure projects around the world. After working with a major engineering company, as well as some of the larger mining companies, Siri now runs her own company BRIDGE©. Siri specialises in helping organisations tailor the right strategies for delivering sustainable de-risked projects, with strong bottom lines and shareholder value. Siri also specialises in Stakeholder and Sustainable financial strategies. Siri is a director of PDAC and Women in Mining Canada, as well as a junior mining company. Siri is a lawyer as well as a certified mediator. Most importantly, Siri has a passion for mentoring students and ... loves to play tennis.
