

Jim Popowich Memorial Health and Safety Grants for Students

Calling all students in a mining program –

Here is an important opportunity to receive recognition for your dedication and hard work!

Jim Popowich's profound legacy with safety leadership in the Canadian mining industry and with the CIM Foundation persists through the generous contribution by his wife, Laverne Popowich, who has established an Endowment in his honor. This endowment will support, in perpetuity, the following initiative:

In honor of Jim's commitment to health and safety in the mining industry, the CIM Foundation is pleased to provide annually, two separate grants of \$750 each to third or fourth-year students. These grants will facilitate their participation in specialized short courses which provides certification focused on health and safety tailored to complement their mining studies.

We are proud to uphold Jim's vision by investing in the future of mining professionals and promoting excellence in health and safety best practices within the industry. Focus on health and safety is a core value of Canadian mining companies operating around the world.

Eligibility

Recipients are selected on the basis of eligibility and the applicant must be enrolled fulltime in an undergraduate university program in Canada. The grant is available to Canadian students.

Qualifications

Applicants will be judged on academic achievement, practical experience and a commitment to a career in projects and operations in the mining industry.

Application Requirements

Complete application packages must be submitted by October 30th and include:

- The application form
- Letter of referral from a professor
- Essay describing any experiences you have had with health and safety in the mining industry and how you are preparing yourself for a career in mining and processing (max. 400 words)
- Resume (curriculum vitae)
- A copy of your current academic transcript (can be unofficial)
- A confirmation of enrollment to your program.

Send your application to:

Neal Young, Manager
CIM Foundation
1040-3500 de Maisonneuve Blvd. West
Montreal, Québec H3Z 3C1
Email: nyoung@cimfoundation.ca

Jim Popowich Memorial - Health and Safety Grants for Students

This grant was established by Laverne Popowich and is administered by the CIM Foundation:

- The application form
- Letter of referral from a professor
- Essay describing how you are preparing yourself for a career in the mining industry, including practical experience (maximum 400 words)
- Resume (curriculum vitae)
- A copy of your current academic transcript (can be unofficial)
- A confirmation of enrollment to your program

All of this information will be considered by the CIMF Scholarship Committee when they make their selection. While academic achievement is important, submissions should demonstrate a keen interest in any facet of the mining industry, as well as describe the candidate's problem-solving skills, ability to work in a challenging environment, as well as experience working within organized teams, all in the context of both a university and work setting.

Two grants are to be awarded annually. All qualifying scholarship applicants will receive a complimentary CIM student membership.

For information about the many contributions to the mining industry by the late Jim Popowich, you may refer to:
